RUN 1

Meet the Teachers

Mr Vincent

“Acquiring a strong foundation is the key to doing well in all subjects”

Experience: 30 years

With 30 years of teaching experience, I am able to explain difficult mathematical concepts in an easily understandable manner.

Every student is unique. To cater to their different needs, I believe in being flexible in my delivery, being patient in my teaching, and testing and re-testing students to ensure a solid foundation. ☺

Mdm Kit

“Nobody in this world is de-motivated. It is all about finding the right motivation which is already within us.”

Experience: 21 years

I am the Head of Education at AGrader Serangoon and I aim to make learning an exciting journey. Children should feel that learning is just as fun and as addictive as their hobbies!

Relying on a scientific and creative approach, I help students improve in their academics and personal development.

Mr Shaun

“Never underestimate young minds, they’re the ones who see the possibilities we struggle to find”

Experience: 7 years

I always believe in bringing my boundless energy to the classes I teach. Language subjects can be very dry, but they don't have to be if we package them with the right dose of fun. Creativity thrives best when we're having a good time, so if my students are bored, that means I am too!

Every student is unique. To cater to their different needs, I believe in being flexible in my delivery, being patient in my teaching, and testing and re-testing students to ensure a solid foundation. ☺

Ms Devi

“Strive for progress, not perfection.”

Experience: 18 years

I believe in engaging my students through effective rapport building, using interesting anecdotes, and helping students see the relevance of lessons to the real world. Only by fully engaging my students, can I help them to reach their full potential.

Mr Shaun
