RUN 1

Meet the Teachers

Teacher Shayne

"Within every child lies the dormant seed of boundless potential awaiting the nurturing touch of an educator's guidance."

Experience: 6 years

Teacher Shayne firmly believes in every student's potential, guiding them to thrive academically. With vast experience teaching math from Primary 1 to 6, he adeptly addresses learning gaps, fostering comprehension and problem-solving skills. Through personalized attention, he instills critical thinking and data analysis, nurturing academic excellence in his students.

Teacher Ariel

"Education is the key that unlocks endless possibilities, and I am honored to be the guide on my students' journey."

Experience: 6 years

Teacher Ariel fosters a love for reading and writing by emphasizing learning through exposure and exchange. She expands students' vocabulary and encourages creative thinking while challenging them to explore real-world themes in their writing. With a patient and adaptable approach, she keeps a friendly demeanor to suit the needs of her students.

Teacher Devi G

"Every child is gifted. They just unwrap their packages at different times."

Experience: 8 years

I enjoy talking to my students about science concepts in our daily lives. To adapt to their varied needs, I give them ample time & a positive classroom environment to allow them to think critically about the problems they are presented with. This gets them interested in what they are learning!

RUN 2

Meet the Teachers

Teacher Vincent

“Mathematics is a language, and like any language, it requires practice and fluency to truly master.”

Experience: 30 years

With 30 years of experience teaching maths, I have developed a deep understanding of students' needs and effective teaching strategies. I am able to identify areas where students struggle and tailor my approach to help them overcome those challenges. My expertise also enables me to explain challenging concepts in ways that are clear and easy to understand, instilling confidence and improving overall performance

Teacher Ariel

Teacher Devi K

“Progress over perfection.”

Experience: 12 years

I enjoy teaching complex science and maths concepts to students and seeing them gain confidence in solving the questions themselves. I enjoy supplementing lessons with real life examples, teaching students how to spot errors in their answers and drawing parallels between chapters to strengthen their understanding. With a focus on identifying topics, important keywords and answering techniques I aim to make lessons as fun and engaging for my students and myself!
